From the Pastor

"Now faith is the substance of things hoped for, the evidence of things not seen."

-Hebrews 11:1 (NKJV)

Is it enough for a young person to simply attend church? It is tragic when a student goes to college & never returns to church. They may know WHAT they believe, but some do not know WHY they believe it. Students of faith are often shaken to their core when someone "educated" challenges their Christian worldview in the college setting. Because they are not grounded in their faith, many students choose to walk away from faith simply because they do not have answers.

Faith is anything but a blind leap in the dark. True faith is based on real substance & evidence. The truth is there is more evidence that Jesus Christ rose from the dead than there is for Julius Caesar's existence. The theories of Evolution & The Big Bang don't hold up when measured by empirical science, geology, fossil records & established scientific laws.

Our student programs must go deeper than recreation & "because I said so" instruction. Our kids need to be discipled & grounded in the truth of God's Word. May God help us raise a generation that will make an impact for Jesus Christ!
